DRIVERS

- All drivers are required to have a valid driver's license.
- All drivers under the age of 18 must have a parent permission form on file, which is signed by **BOTH** parents prior to passing tech inspection. Minor waiver forms are available in the Finish-line store and Race Control, Suite 103.

BREAKAGE

- If your car breaks prior to making a time run, you will receive entry credit for the amount of the tech card minus the spectator admission fee for the day. If you want to receive points for the day then there will be no credit issued.
- If your car breaks prior to 1st round of eliminations, you will receive 50% entry credit for the amount of the tech card minus the spectator admission fee for the day. If you want to receive points for the day then there will be no credit issued.

NO SHOW FORMS

- If you break prior to first round and would like to receive points then you must come to the tower and fill out a no-show form. This form must be filled out and signed by the driver the day of the event to receive points.

TIME TRIALS/QUALIFYING

- Lanes 1,3,5 will be designated left lane.
- Lanes 2,4,6 will be designated right lane.
- There will be no singles in time trials/qualifying unless there is an odd number of racers or approved by Race Director.
- **NO CHANGING LANES ONCE YOU ARE PAST THE CROSS WALK.**
- If you wish to run a certain lane it is suggested to make sure you get to the lanes early.
- **IF YOU MAKE A QUALIFYING RUN IN THE SUPER SERIES OR SUPER 32 AND DO NOT HAVE A TECH CARD AND/OR RECEIPT FOR THOSE CLASSES THAT DAY, YOU WILL BE REQUIRED TO PAY \$100 CASH FOR SUPER SERIES AND/OR \$80 FOR SUPER 32 TO THE TOWER BEFORE YOU ARE ALLOWED TO GO DOWN THE TRACK AGAIN IN ANY CLASS AND YOU ARE NOW ENTERED IN THAT CLASS FOR THE DAY.**
- **IF YOU MAKE AN EXTRA TIME TRIAL/QUALIFYING RUN IN A JEGS ET SERIES CLASS, THAT RUN WILL COUNT AS FIRST ROUND LOSS AND YOU WILL BE ABLE TO BUYBACK INTO THE RESPECTIVE CLASS.**

ELIMINATIONS RANDOM PAIRING

- Racers will be called to their respective lanes.
- Racers in lanes 1,3,5 will be designated the left lane.
- Racers in lanes 2,4,6 will be designated the right lane.
- The head of staging will pull one left lane and one right lane to completion, then pull the next left lane and right lane to completion.

- The pulling order of Staging Lanes will be randomly decided, (example, in 1st rd it might be 1 vs 2, 3 vs 4, 5 vs 6, in 2nd rd it might be 1 vs 4, 2 vs 3 and 5 vs 6, 3rd rd it might be 1 vs 2, 3 vs 4, and so forth until the class is on a ladder or the class is only called into 2 lanes.
- Racers will be pulled front to back if at the end there are only racers in a left or right staging lane.
- **NO CHANGING LANES ONCE YOU ARE PAST THE CROSS WALK.**
- Racers are considered paired with another racer whenever the head of staging has pointed at both racers. Once paired, if one racer is unable to compete (not start, broken or unable to make the call) the other racer will receive a bye run. The racer able to make the call must stage under their own power as instructed by the Race Director.
- If you wish to run a certain lane it is suggested to make sure you get to the lanes early.

SINGLE RUNS

- In non-laddered competition, the racer with the best REACTION TIME in the most recent round will be pulled aside.
- If there is an odd number of cars, this racer will receive a bye run.

LADDERS

- Super 32 Racers will be laddered based on quickest to slowest ETs during qualifying.
- Super Series Racers will be qualified based on closest to index without going under, during qualifying.
- Jr. Storm, Jr. Thunder, and Jr. Lightning will be laddered based on reaction time during qualifying.
- Super Pro, Pro, and Sportsman will be laddered when there are 16 racers or less left in competition, the ladders will be based on the reaction times of the previous round winners.
- Super Pro Bike and Street Motorcycle will be laddered after 2nd round based on reaction time.
- This policy may be changed at JEGS ET Series events in the thoughts of keep the racing fair.
- All classes will utilize a Sportsman Ladder.
- All other classes will be based on specific class rules.

LANE CHOICE

- Determined by a coin flip on all laddered classes and rounds.
- Non-laddered classes and rounds will be assigned lanes by staging staff.

RE-RUNS

- In the event a re-run is deemed necessary, drivers may change their dial-ins.
- Switching lanes for a re-run is prohibited.

PAYOUTS

- Payouts are based on car counts.
- Payouts will be available in Race Control at the end of the event.
- Photo ID Required.

POINTS

- 10 points for passing tech, 10 points for each round win. 3 additional points for event winner, 2 points for event runner-up and 1 point for event semi-finalists.
- Super 32 and Jr. Quick 330 have additional points rules. See class rules.
- **NO** Points may be moved from one class to another.

POINTS TIE-BREAKERS:

- In the event there are any ties between 2 or more racers in year-end payout classes the following tie-breakers will be in place.
 1. The racer with the most round wins.
 2. The racer with the most event wins.
 3. The racer with the most runner-up finishes.
 4. The racer with the most semi-final finishes.
 5. The racer with the most overall points.

GOLD CARD POLICY:

- National Trail Raceway Gold Cards are valid for one racer entry and one spectator.
- National Trail Raceway Gold Cards are non-transferable.
- National Trail Raceway Gold Cards are only valid for racer entry in the class that they were issued for. Gold Cards are not valid for Test N Tunes.
- National Trail Raceway Gold Cards are **NOT** valid for the Buckeye Bracket Triple Crown, Halloween Hootout, Fall ET Series, Specialty Events or events not produced by National Trail Raceway.
- NHRA Summit & Eastern Conference Gold Cards are only valid for racer entry in the class they were issued for plus one spectator.

PASSENGERS:

- Are not allowed in cars running quicker than 14.00. No passengers allowed in eliminations in any points earning class.

COMPULINK TIMING SYSTEM:

- National Trail Raceway uses the latest CompuLink Timing Systems. Listed below are some of the most commonly referred to features.
 1. **LED's:** National Trail Raceway us CompuLink LED lights in the Christmas Tree at every event. CompuLink LED Lights are also used at all NHRA Divisional/Regional and National events. They are the more reliable than an ordinary light and less prone to failure. Please note that all LED lights at not equal. The LED's sold at some outlets are inferior to the CompuLink LED units used at National Trail Raceway.
 2. **Courtesy staging:** Out of courtesy to your fellow competitor, we encourage Courtesy Staging. As you stage your car, please pull forward until the first light (pre-stage) comes on. At that point, you should wait until the car in the opposite lane has done the same. When both cars have pre-staged, either one may then pull into the second beam which

fully stages that car. PLEASE NOTE: The system registers a car as staged if the stage light is on for at least .6 seconds. Therefore, be extra cautious when “bumping” in the lights.

3. **Deep Staging:** Some drivers prefer to pull into the beams so far that they turn off the pre-stage light. This procedure is illegal in certain NHRA Classes (see NHRA Rule Book). If you choose to deep stage, you do so at your own risk. Do not write “deep” on your car. The Starter is under no obligation to wait for a driver to deep stage.
4. **AutoStart:** The AutoStart System will automatically start the Tree at a random pace within a given window. When both drivers are pre-staged, the starter will flip the AutoStart switch. When one driver stages, the other will have 10 seconds to stage their car, otherwise the CompuLink system will “time them out” and disqualify them. Once both cars have staged for 0.6 seconds, the Tree will come on between 0.6 and 1.4 (full tree = 0.6 to 1.1) seconds later, depending on the class. The system will vary the start sequence by randomly adding up to 0.2 seconds, preventing racers from “guessing” when the Tree will come on. The starter is able to stop the sequence if necessary and car activate the Tree himself by “overriding” if that is required.
5. **CrossTalk:** This program allows the Tree to be fully shielded, but still allows drivers in Super Pro, Super Pro Bike, Super 32, Top Sportsman, and Top Dragster classes to leave off their opponents tree. CrossTalk functions by lighting the top bulb in both lanes at the exact same time. This allows both cars a clean “hit” on the Tree. The slower car’s Tree will continue counting down as normal. The quicker car’s top light will remain lit for the duration of the handicap, plus the normal 0.5 second, before counting down the second and third light lights as normal. If you have any questions or do not understand how CrossTalk works please consult with one of National Trail Raceway’s Officials. The driver of the faster car in a pair may cancel the CrossTalk system by including an “N” behind their dial (i.e. 5.00N). A negative “-” symbol will appear in front of the dial posted on the scoreboard (-5.00) to indicate that CrossTalk is NOT in place. Drivers should check the dial-in boards and scoreboard before staging. **There will be NO re-runs for incorrect tree configurations.**

MULTIPLE ENTRY POLICY

- Drivers may enter two classes with the same vehicle as long as the vehicle and driver is legal for both classes.
- No car or driver may be entered in a single class twice.
- It is the driver’s responsibility to make it back in time to run with their class.
- If you are electing to buy multiple entries, you may purchase your 2nd tech card in the tower with cash only. You may still purchase your tech card at the gate if you choose not to use cash or for convenience.

ALL RULES, INTERPRETATIONS OF THE RULES, QUESTIONS AND PROTESTS ARE LEFT UP TO THE FINAL DISCRETION OF THE RACE DIRECTOR. IF THE SITUATION WARRANTS ACTION IN ANY EVENT, THE RACE DIRECTOR HAS THE FINAL WORD.
